Physical Activity Coalition of Manitoba (PACM) presents

The 2010 Physical Activity Summit

Recreation and Active Transportation... Essential for Healthy and Active Communities

We invite you or a representative from your organization to attend the 2010 Physical Activity Summit held on **April 15th and 16th** at the new Sports for Life Centre located at 145 Pacific Avenue, Winnipeg MB.

Take advantage of this opportunity to meet with other stakeholders from education, recreation, sport, active living and health and look at ways of collaborating and implementing Promising Practices of active transportation and Recreation but most importantly how we can work together to support and promote healthy living and physical activity while reducing greenhouse emissions and connecting communities!

Our keynote speakers for the 2010 summit include **Cara Fisher** from the British Columbia Parks and Recreation Association (BCPRA) on her work with the Built Environments and Active Transportation Initiative and **Brian Johnston**, a visionary for Recreation in Canada who has a role in changing the Canadian Parks and Recreation Association mandate

Participate in educational sessions on active transportation and how it can be implemented in your community!

Prepare yourself to be inspired to create opportunities for recreation and active transportation to achieve healthier and more active communities!

More information on the upcoming Summit will be available soon!
